Vaal Central Water Sector Branch Meeting

Vaal Central Water Sector Branch Meeting.

The UASA team recently held a sector meeting for the Vaal Central Branch at UASA Head Office.

The meeting was led by Sector Chairperson Kabelo Mosoeu and Sector NEC member Stoen Fourie. The main focus of the meeting was to address member challenges, disputes in progress and forward-looking strategies to ensure stronger outcomes for workers.

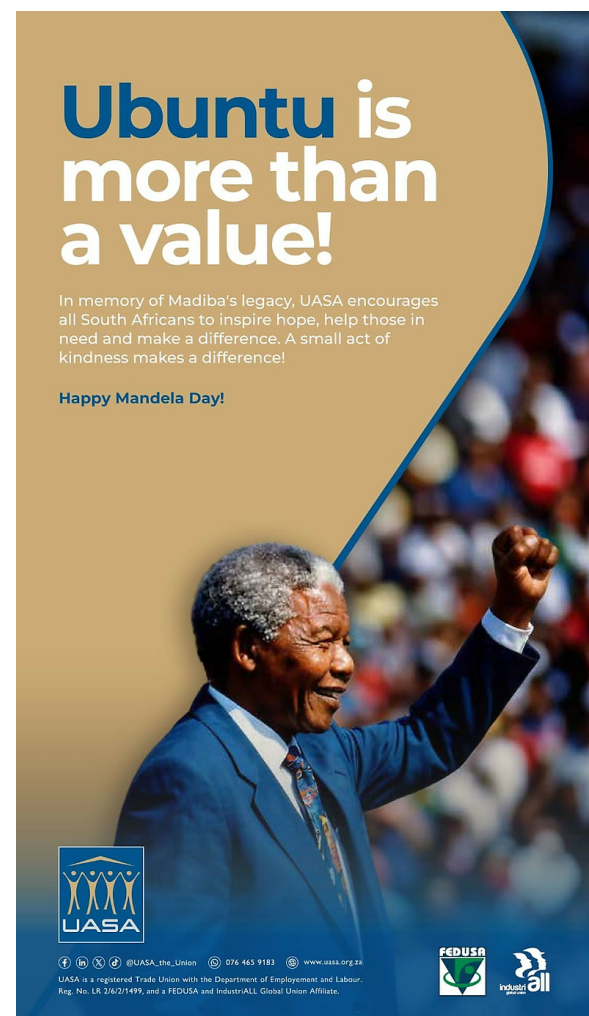

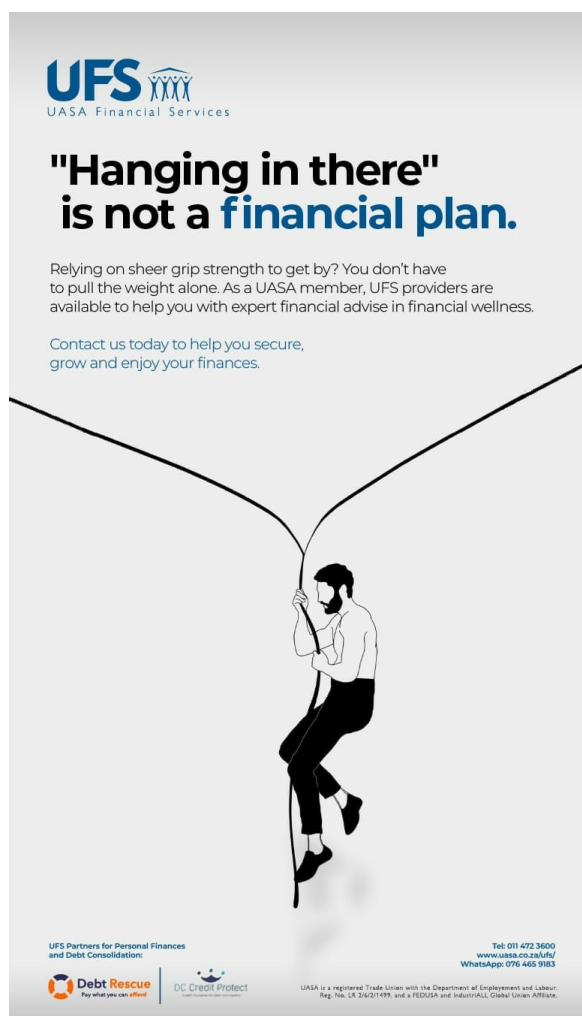

By engaging directly with shop stewards, UASA continues to strengthen its role as a trusted labour partner to workers, always anticipating change and positioning itself to effectively protect and promote member interests.

We thank the shop stewards and UASA members who work hard to address sector challenges, efficiently and create solutions that support our members' growth and progression in the workplace.

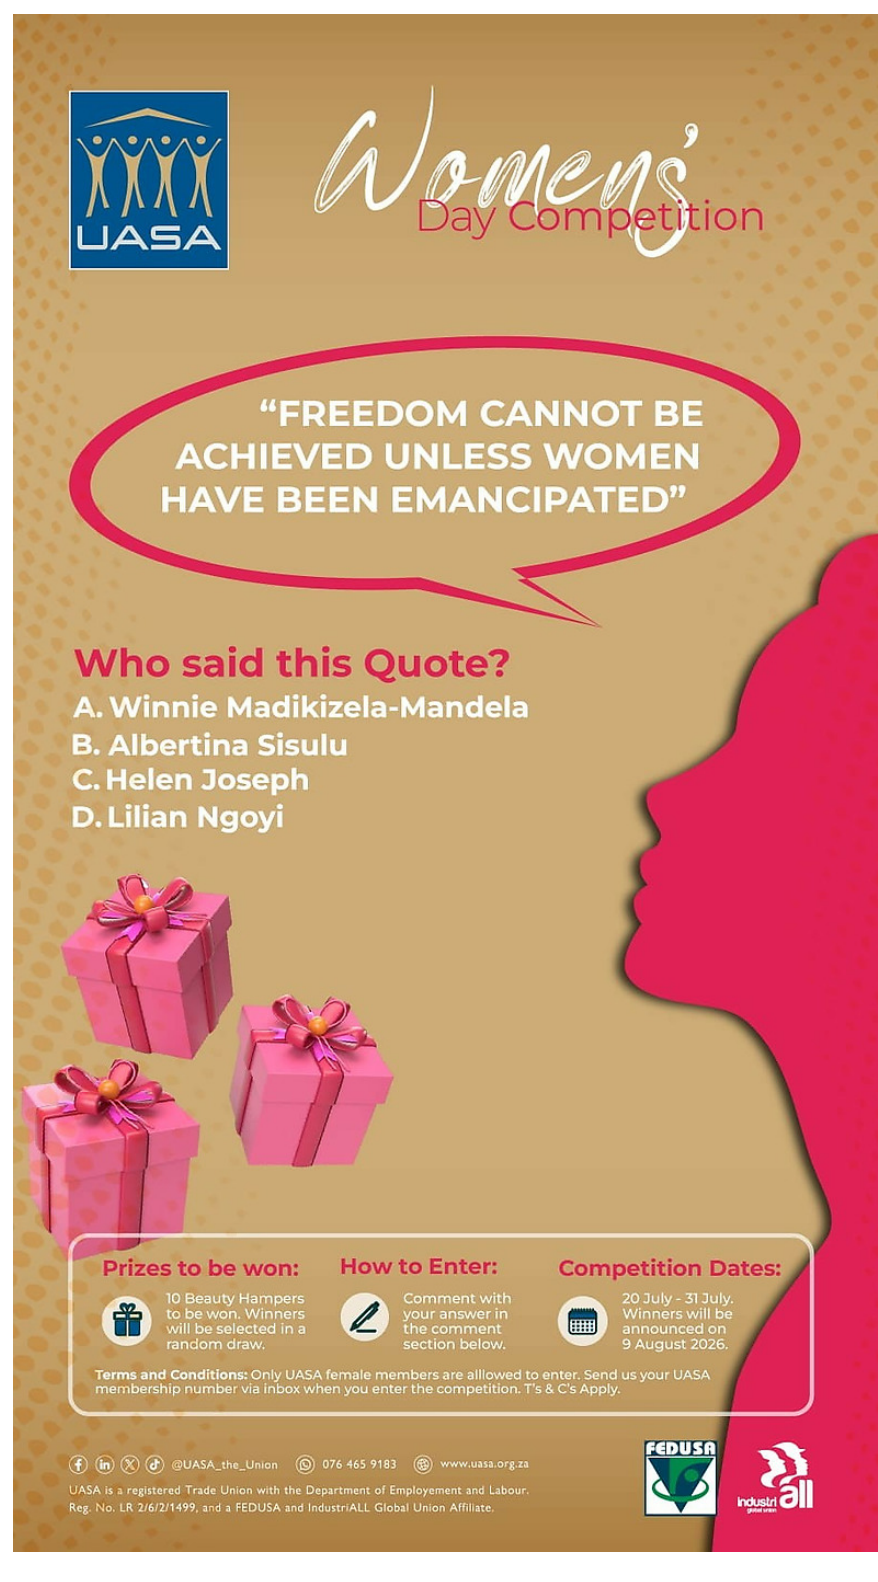

UASA is a registered trade union in terms of the Industrial Disputes Act, 1956 (No. 29 of 1956). It is a member of the South African Federation of Unions (SAFUD) and the South African Council of Unions (SACU).
